

## Greetings from the Department

Dear Prospective Applicants,

Greetings from the Department of Exercise and Health Science at NTUNHS! We are excited to welcome you as a potential candidate for our Master of Science Program in International Sports Science and Smart Health Technology. This program offers an exceptional opportunity to enhance your expertise in the rapidly growing fields of sports science, smart health technology, and wellness.

Our department is dedicated to developing interdisciplinary professionals who are equipped to address global challenges in health promotion, sports performance, and cutting-edge healthcare solutions. As a student in our program, you will benefit from:

- **Innovative Curriculum:** A comprehensive academic foundation that merges theoretical knowledge with hands-on training in areas such as sports science, smart health technology, geriatric sports/exercise medicine, and integrative healthcare.
- **State-of-the-Art Facilities:** Access to specialized teaching and research facilities for smart exercise technology, sports science, exercise physiology, exercise and sport psychology, 3D-printing, and AI-driven exercise training devices.
- **Global Learning Opportunities:** International internships designed to broaden your professional perspective and prepare you for a global career in health and sports industries.
- **Expert Faculty:** A team of professors specializing in sports science, smart health technology, exercise physiology, movement science, and elder wellness, ensuring that you are mentored by leaders in their respective fields.

Our program is designed to equip you with the tools, knowledge, and global network to excel in the sports and health technology industries. Joining us means stepping into a dynamic and innovative environment where you can make a meaningful impact on health and wellness.

We look forward to welcoming you to our vibrant academic community and supporting your journey toward becoming a leader in this exciting and transformative field.

Warm regards,
